

Mission Statement

- Establish JPS Composite Materials as the preferred supplier in each of our product groups.
- Develop, manufacture, support, and promote our products to a global market.
- Deliver our customers a technically superior substrate on time and as ordered.
- Continually work with customers enhancing and developing products to meet changing market demands.
- Provide associates with an environment which encourages safety, responsibility, creativity, focus, discipline, and participation.
- Meet or exceed our commitments to our stockholders, delivering a fair return on investment.
- Combine commitment, intensity, teamwork, and continuous improvement to meet or exceed each of these statements.
